TREASURES FROM OUR TRADITION

Often, when a family keeps vigil around a person who is preparing for death, they may notice three interwoven activities. First, the dying person may become more prayerful and reflective than ever before, reviewing lifes journey in gratitude to God, or seeking forgiveness and making amends for wrongs. Second, as death approaches, the need to eat and drink is lessened until even an ice cube brushed against the lips is satisfying. Third, persons who are dying often make plans to give their possessions away, making bequests, handing treasures down, providing for favorite charities.

Prayer, fasting, and almsgiving: with these three pillars of Lent, we rehearse our death every year in this season, and anticipate the final work we will do in this life. And every year, at the end of our journey, is the joy of Easter and the experience of the victory of Christ over deaths darkness and power. Annually, we remind ourselves that the Christian experiences the same power and presence at the end of lifes journey: Christ to the rescue and the lasting joy of heaven.
