**Our goal at St. John's Parish is \$20,780.00.**

Please be generous as you consider your response to this important appeal.

**To date we have \$10,541.00. Thank you**

### TREASURES FROM OUR TRADITION

If your parish is reading from Year B of the Lectionary today, and not Year A, as is normally

done when there are elect present for the scrutinies and preparing for Easter baptism, you hear about Jesus driving the money-changers from the temple. If you wished to get as close as possible to this site today, you would in fact be at a Muslim shrine, the Dome of the Rock, built on the ruins of Herod's temple. Archeologists believe that this striking, gold-domed crown of a shrine is set precisely where the Holy of Holies once was. Jews believe that the rock is the exact spot where Abraham was prepared to sacrifice Isaac. It is not a mosque, as some think, but a shrine, the oldest one in the Muslim world. For them, the rock is the place from which the Prophet Mohammed ascended on a visit to heaven. The Crusaders mistook the shrine for the actual Temple of Solomon, and the infamous Knights Templar used it as their headquarters and model for their churches elsewhere. The geometric perfection of the shrine is a mathematician's dream. The inscriptions are not exactly hospitable though, since they encourage Christians to "depart from error" and declare that "Jesus son of Mary was only a messenger of God." In ancient times, those who prayed here after walking around the rock were given a certificate entitling the bearer to admission to paradise. The ticket had to be buried with them.
